PASSPORT STUDENTS ARE READY FOR MORE

On average, Passport students outperform their peers with higher GPAs after 1 year of college coursework.

This is your chance to build a foundation for a brighter future. The Passport Program provides opportunities for a more personal education. One-on-one advising allows you to get to know your advisors. But more than that, you'll have the support of a Passport Leader. Passport Leaders are former Passport students who have successfully transitioned to UNC Charlotte and make up the Passport Leaders Mentorship Program as peer mentors. Together, we will help you reach your goals through:

UCOL 1000: Transfer Seminar Class

REAL STUDENT CONNECTIONS

Bushra Alsaftawi
Exercise Science

"The Passport Program has helped me in my transition to Charlotte in every way imaginable. It has provided me with an incredible support system, even beyond my years as a passport student and has created a comfortable, engaging and informative space for me and all its students. It eased my transition to my dream school and allowed me to make the relationships and connections I will never forget along the way."

Ty Jefferson
Social Work

"Initially I was uncertain about my pathway to Passport, however, the Passport Program helped me grow and change in ways that I previously thought to be impossible. On top of that, I've been able to get involved with the Passport Leaders, which I am happy to call a second family! I have so much love and support towards this program."
